Behind Victoria's road toll

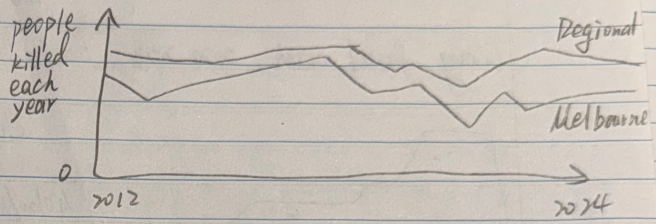

In 2024, ~~~ people died

Drivers | Passengers | other

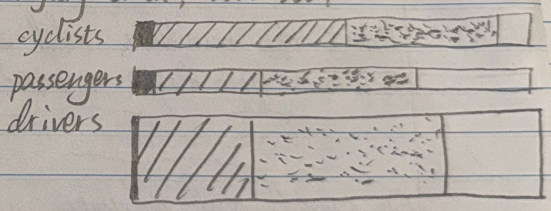

Year
2012 — 2024 (slider)

The toll is not falling

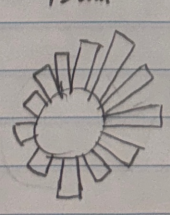

Without a steel shell, a crash is far more serious

What happened to everyone involved in an injury crash, 2020–2024

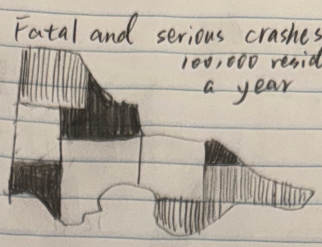

killed | seriously injured | other injury | not injured

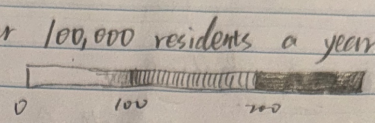

How often a crash is fatal, hour by hour

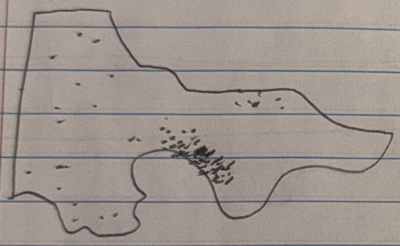

The risk is highest in the regions

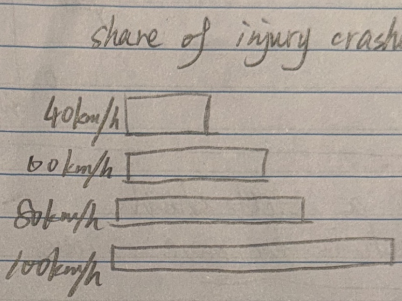

Every fatal crash, 2020-2024.

What the numbers add up to. (conclusion)

① where you drive matters

② speed and darkness multiply harm
